

Explanation Letter:

Non-profits are given 18 months from their original filing date to file their first 990 tax document. Pathways filed these documents on time using the 990 EZ form since donations were under \$50,000. Despite canceled check documentation, and resubmitted copies to the state of California, there continued to be a problem. Pathways elected to simply pay the \$800 filing fee and stopped doing business in California. Pathways for Veterans then merged the Non-profit into the state of Nevada in 2015, where conducting business as a non-profit is dramatically simplified. Should you have further questions, please feel free to contact the IRS directly using the following identification number and they can provide any other questions. As of today's date (7-07-2017), as a result of a recent inquiry, this explanation is offered up for those with concerns and or considerations. At no time has Pathways for Veterans federal exemption been interrupted and/or suspended.

**Identification Number:** [\(Tax Id: 27-4175333\)](#)

Respectfully submitted,

Gary Ferguson / Founder
